

## LIVE TSC – TEACHERS SEARCH CONSULTANCY

### THE MATCHMAKERS OF EDUCATIONAL INDUSTRY

It is an idea that has been conceptualized in a manner that it would benefit not only the educators (teacher) but also the education institutes.

With an online presence, TSC aims to provide a distinct platform where it would bridge the gap that has eluded good teachers and good schools from each other.

TSC initially would pilot this project in Ahmedabad and slowly would cover the entire state of Gujarat. The ultimate goal is to serve India in coming years.

### VISION

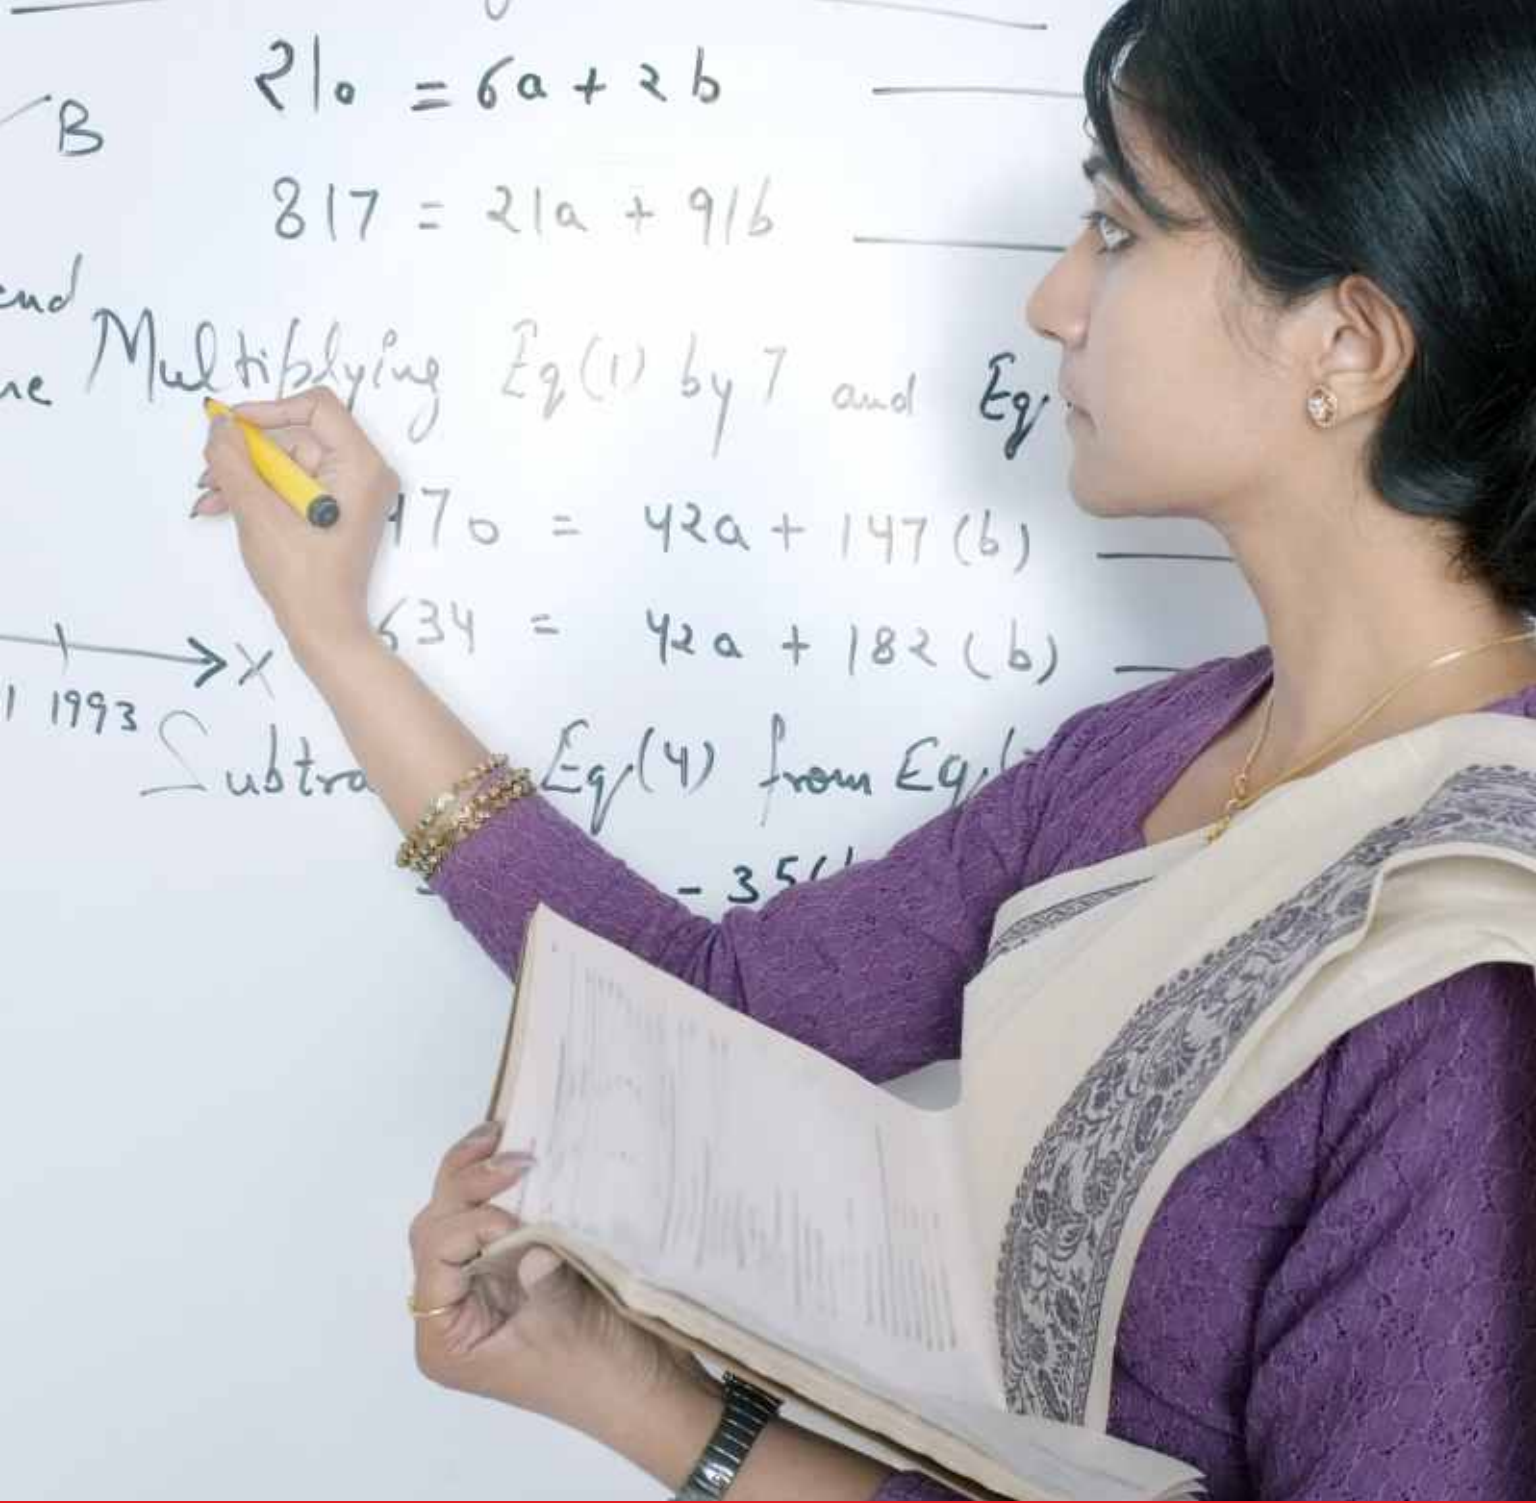

To become an entity that symbolizes trust and transparency for both the educators and educational institutes. It promises to be an organization that provides golden opportunities to both.

### MISSION

To create a transparent and organized education industry. This will create value for both the educator and the educational institutes.

### OBJECTIVE

To help and counsel the teachers and educational institutes to choose the best possible profile that matches their needs.

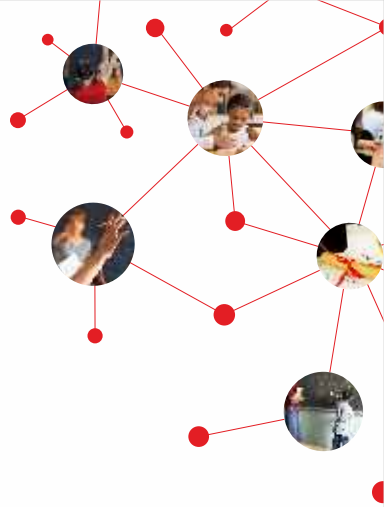

## FOR EDUCATIONAL INSTITUTIONS

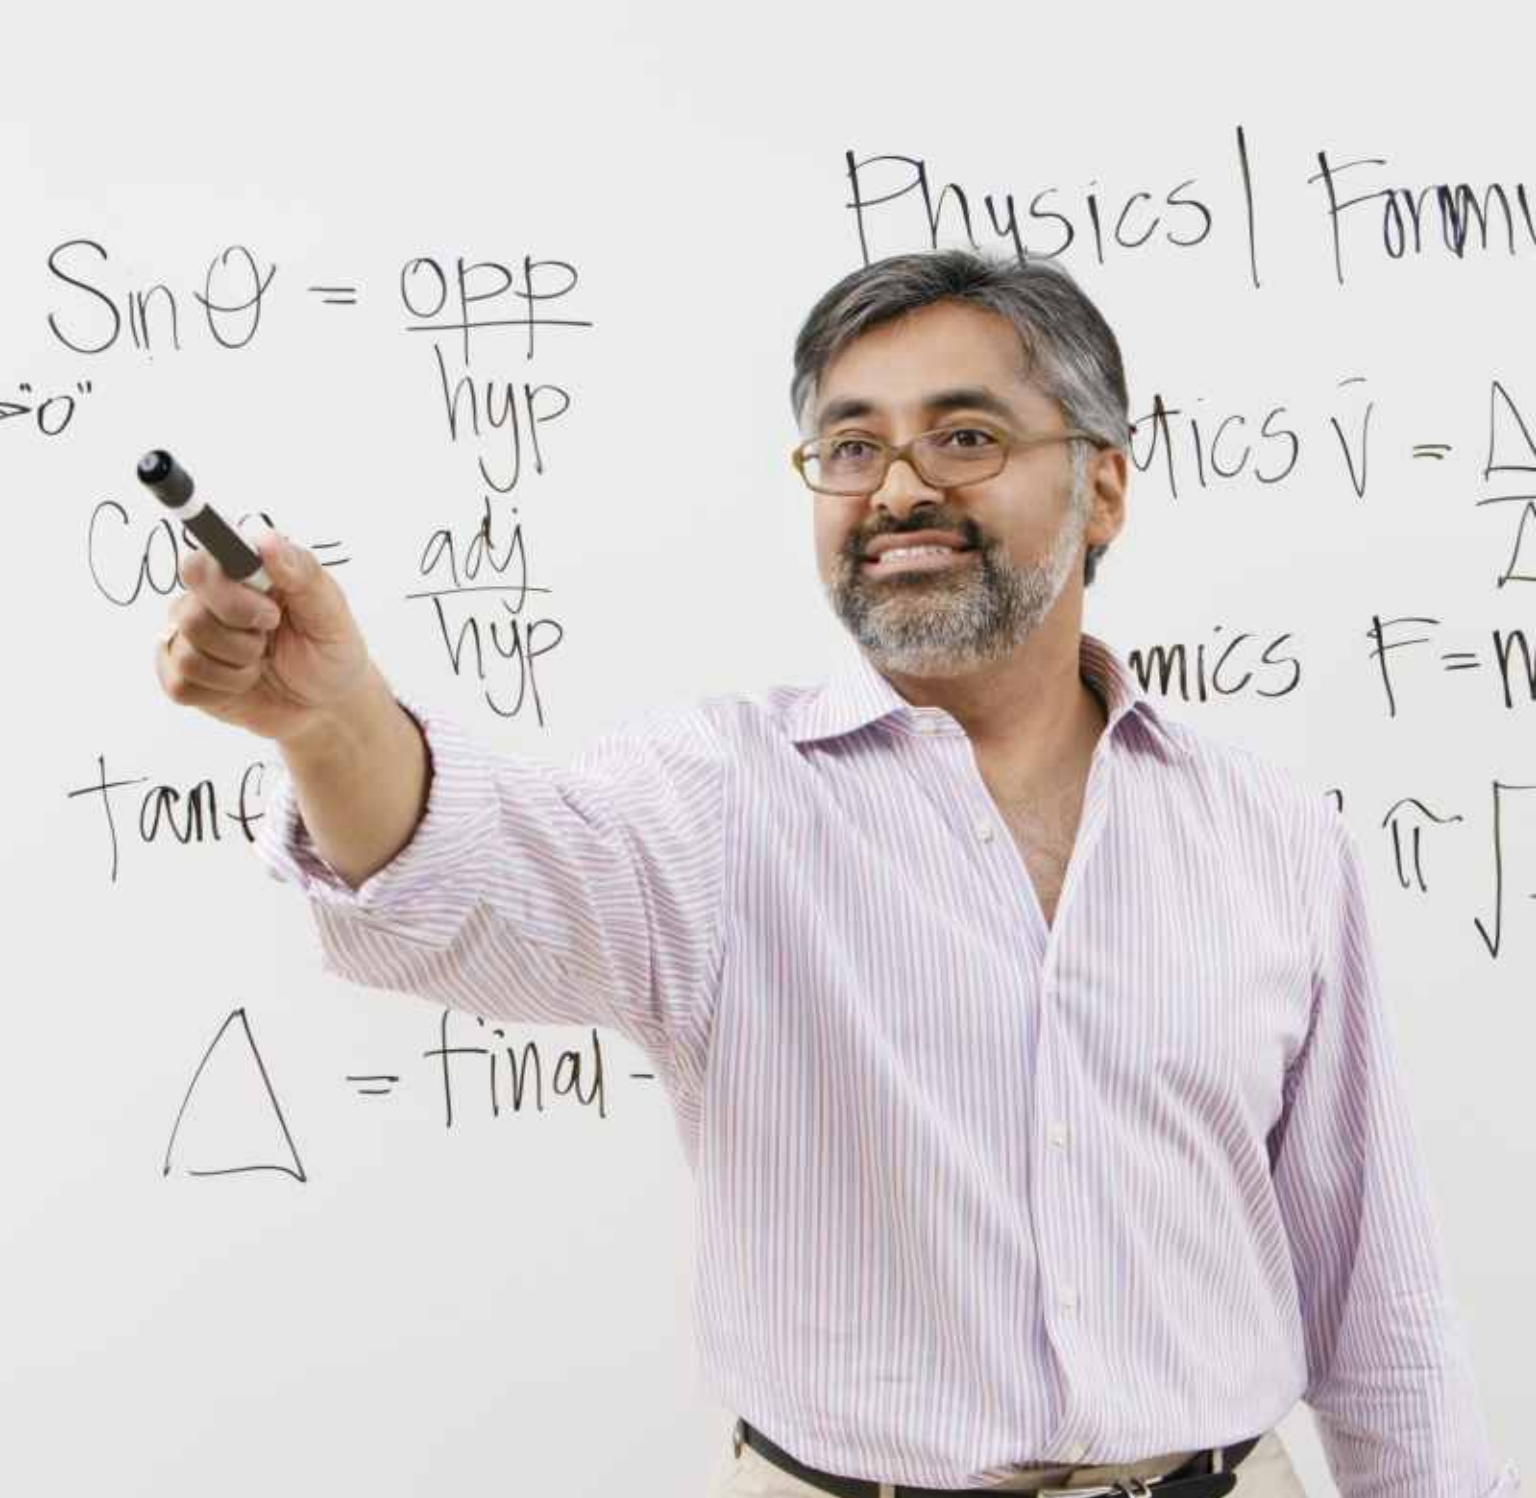

- Good teachers are costly but bad teachers cost more.
- TSC will help educational institutes in finding the best available teachers that becomes an asset and not an expense for the institute.
- TSC has a wide range of teachers with varied skills and experiences that allows to deploy the best suitable teacher as per the exact requirement.
- Educational institutes will also save a lot of time, marketing cost and efforts on interviewing or recruiting the candidates.
- TSC consultation services will help to provide the teachers who are flexible enough to adopt to the institute's methods and principles.

## FOR THE EDUCATORS

- Accesses the educational institute's requirements with a customized and comprehensive analysis to select the right institution.
- Assistance in updating and upgrading resumes that reflects strength, skills and experience.
- Range of educational institutes with choice of area and school timings to choose from as per the specification.
- Consultation and guidance to select and adopt the right direction that focuses on becoming a bright career.
- Educators who earlier were able to apply only through some references and had no idea of any vacancy can now save time and earn more by getting into the right institute and profile.

## FOR NON-TEACHING STAFF

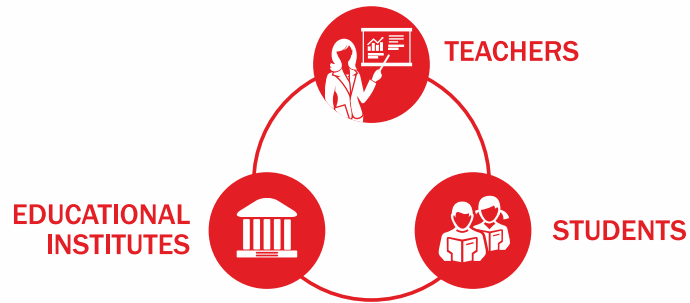

- A good institution is a balance between good management & teachers.
- A good management always runs successfully under an efficient staff.
- TSC aims to provide the best possible recruitments for the non-teaching staff.
- TSC provides golden opportunities by giving a chance to upgrade your resume and getting connected with the reputed institutes.
- We would be privileged to help you find the best possible recruitment according to your specification.

## COACHING INSTITUTE

- TSC will help Coaching institutes in finding the best available teachers according to your requirements, that becomes an asset and not an expense for the institute.
- TSC has a wide range of teachers who are efficient for preparing students for school/board exams in advance.
- TSC aims to provide skilled teachers who can provide basics and at the same time give a lot of short-cut techniques to crack competitive exams.
- Educational institutes will also save a lot of time, marketing cost and efforts on interviewing or recruiting the candidates.
- TSC consultation services will help to provide the teachers who are flexible enough to adopt to the institute's methods and principles.
- We look forward to serve you by getting registered with us.

## KEEPING THE CIRCLE STRONG

“ *The educational industry is a circle of Teachers, Educational Institute and Students. All of them needs to perform effectively to ensure that the circle does not break. TSC is here to bind these three factors effectively and keep the circle strong.* ”
